

Last year, we offered a basketball camp that was really fun and had a great turnout of over 20 campers by weeks end! As this school year comes to a close, we want to again offer that same camp for your child! The camp will be filled with skill development, head knowledge of the game, and competitive games for your child to improve upon their skills. Each day, there will be a ``Word of the Day`` where your child will be able to have a chance to understand biblical truth and how to put them into practice through basketball.

School is almost out, but don't let that stop your children from continuing to learn and to challenge themselves to see what they are capable of!
